AFFIDAVIT IN SUPPORT OF CRIMINAL COMPLAINT

Matthew W. Holbrook, Special Agent, with the United States Drug Enforcement Administration (DEA), being duly sworn, deposes and states:

AFFIANT BACKGROUND AND PURPOSE OF AFFIDAVIT

1. Your Affiant is a Special Agent (SA) of the federal Drug Enforcement Administration (DEA) within the United States Department of Justice. Your Affiant is a law enforcement officer within the meaning of Title 18, United States Code, Section 2510(7) – that is, an officer of the United States who is empowered by law to conduct investigations of, and to make arrests for, offenses enumerated in Title 18, United States Code, Section 2516. Your Affiant has been employed by the DEA since February 2004, is currently assigned to the DEA Indianapolis District Office, Indianapolis, Indiana, and has been so assigned since October 2008. Prior to assignment to the DEA Indianapolis District Office, your Affiant was assigned to the DEA Chicago Field Division in Chicago, Illinois.

2. In connection with my official DEA duties, I investigate criminal violations of state and federal controlled-substances laws, including, but not limited to, Title 21, United States Code, Sections 841, 843, 846 and 848, as well as the laundering of drug trafficking proceeds in violation of Title 18, United States Code, Sections 1956 and 1957. I have personally conducted and/or assisted in numerous criminal investigations involving controlled substances and money laundering. I have received special training in the enforcement of laws concerning controlled substances, I have testified in judicial proceedings and prosecutions for violations of controlled substance laws, and I have been actively involved in various types of electronic surveillance, including wire and electronic communication interception of more than fifty target telephones. I have participated in the debriefing and interviews of defendants, witnesses, informants

(confidential sources), and others who have knowledge both of the distribution and transportation of controlled substances and also of the laundering and concealing of proceeds from drug trafficking. I have reviewed numerous investigative reports and interviews related to the possession, manufacture, and delivery of (including possession with intent to deliver) controlled substances. I am familiar with the ways in which drug traffickers conduct their business, including, but not limited to, their methods of importing and distributing controlled substances and their use of telephones and code language to conduct their transactions. I am familiar with and have participated in all of the normal methods of investigation, including, but not limited to, visual surveillance, the general questioning of witnesses, the use of informants, the use of pen registers, and undercover operations. I have had conversations with drug traffickers concerning their methods of operation in the course of investigative interviews and have participated in the execution of numerous search warrants relating to illegal drug trafficking. My experience and training enable me to recognize methods and means used for the distribution of controlled substances and for the organization and operation of drug conspiracies, including the means employed to avoid detection.

3. I have personally participated in the investigation as set forth below. I am familiar with the facts and circumstances of the investigation through my personal participation; from discussions with other agents of the DEA, the Indianapolis Metropolitan Drug Task Force (MDTF), and other law enforcement organizations; from my discussions with witnesses involved in the investigation; and from my review of records and reports relating to the investigation. Unless otherwise noted, wherever in this Affidavit I assert that a statement was made, the information was provided by another Special Agent, Task Force Officer, law enforcement officer, or witness who may have had either direct or hearsay knowledge of that statement and to

whom I or others have spoken or whose reports I have read and reviewed. Such statements are among many statements made by others and are stated in substance and in part unless otherwise indicated.
